

**UNITED WE FIGHT.
UNITED WE WIN.**

LIVE UNITED®

Every day, people look to United Way for lasting solutions to local problems. We are a vehicle for volunteers, donors and advocates who seek to change lives and communities through service, collaboration and impact. As the largest privately funded nonprofit in the world, we connect people and companies with the causes that matter to them the most.

We are more than fundraisers. We are the hand raisers. The game changers. No matter the obstacles. No matter the odds. We surround a community's most critical problems—and we fight. United Way fights for the health, education and financial stability of every person in every community. Why? Because we know that change begins when we LIVE UNITED, and that building a better tomorrow starts today.

WE ARE UNITED WAY.

WE ARE THE GAME CHANGERS

INCREASING ACCESS TO HEALTHY FOOD

In Baltimore City, Maryland, an estimated one out of four people don't have access to affordable, nutritious food. Through United Way of Central Maryland's Access to Healthy Food initiative, residents can now buy fruit and vegetables from urban farm stands in their own neighborhood, helping them eat better for less. United Way is fighting for people to eat and live well.

PREPARING STUDENTS FOR COLLEGE AND CAREERS

For many low-wage families, sending their children to college seems out of reach. Orange County United Way is making higher education a reality through Destination Graduation, which aims to reduce high school dropout rates. To date, the program has prepared more than 26,000 students with the skills they need to compete in the global economy.

HELPING FAMILIES WITH FINANCIAL STABILITY

As a 21-year-old mother, Amanda was struggling to stay financially afloat. So, she reached out to United Way of Greater Houston for support. Amanda was connected to United Way THRIVE, a financial stability program that benefited more than 65,000 families in 2016. United Way helps millions of people like Amanda access the support they need to achieve their financial goals.

WE ARE THE PROBLEM SOLVERS

For 130 years, we have partnered with companies around the world to help them realize their employee-engagement efforts and achieve their social-responsibility goals. With more than 60,000 corporate partners, we pride ourselves on being a lynchpin for support and solutions.

GUIDING YOUTH TOWARD QUALITY CAREERS

Of all the jobs in Minnesota, 63 percent will require some education beyond high school by 2024. And yet, many of today's youth aren't taught the skills they need for quality careers. With support from U.S. Bank, Greater Twin Cities United Way launched the Career and College Academy, a high school-to-postsecondary experience that infuses college and career readiness with focused curriculum. Since 2015, 2,957 students have enrolled in nine high-demand career pathways, and 1,075 college credits have been earned.

With United Way's support, companies are changing the lives and communities of their employees.
